To: Parents/Guardians, Perry PTA, and Perry School Employees  
From: Jack Thompson, Superintendent   
Subject: Asbestos Inspection/Management Plan  
Date: January 6, 2023

Federal Law required all schools to inspect their buildings for asbestos-containing materials and to develop Management Plans for those materials found. Our school contracted EA Group to provide this Inspection/Management Plan for all school buildings, including those required for Perry Elementary School, Middle School, High School, and the Pirate Athletic Center which are considered “asbestos-free”.

The asbestos Inspection/Management Plans are available for your review, by appointment, during regular business hours. If you wish to see the reports, please contact the school office for an appointment. All appointment requests will be honored within (5) working days of their receipt. A written copy of the Inspection/Management Plans can be made available upon written request, for the cost of reproduction.

Our school’s maintenance and custodial staff has received specialized asbestos training and will visually survey the schools’ asbestos-containing building materials every six (6) months. Furthermore, a complete re-inspection by an EPA accredited inspector will occur every three (3) years. Copies of these inspections will also be made available for your review.

If our school requires any asbestos abatement, only an EPA accredited asbestos contractor will be used.

Please be assured that we are concerned with your safety and will make every effort to comply with all laws and regulations pertaining to asbestos.

Thank you.
